---

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

As a leader in solar power station, NAMKOO POWER is committed to building high-quality solar power station and setting up industry. Namkoo provides one-stop service for design, procurement, construction, operation ...

It is suitable for use in microgrids, in rural areas, in remote areas, or in large-scale manufacturing and farms, as well as for charging stations for electric vehicles.

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor cabinets are pre-assembled ...

It supports remote upgrades, arbitrary parallel combinations, and has IP54 ruggedness. Perfect for large solar farms, industrial microgrids, or critical infrastructure, it maximizes the use of renewable energy, ensures grid ...

Looking to deploy an enterprise-grade ESS cabinet for commercial facilities, factories, EV charging, microgrids, or industrial parks? Wenergy provides fully integrated, outdoor-rated ESS cabinets using LiFePO4 ...

Compatible with solar PV, diesel generators, and grid power, it provides stable energy for microgrids, remote areas, manufacturing facilities, farms, and EV charging stations.

The system integrates energy storage converter, storage battery, isolation transformer, cooling, fire protection, power distribution, dynamic loop monitoring and energy management, friendly grid adaptability, accepting

grid ...

Stable 1MW Output, Ideal For Industrial/Commercial Peak Shaving And Grid Load Regulation. 3MWh Capacity Supports Long-Hour Backup (Powers Medium Factories For Hours) And Solar/Wind Surplus Storage.

ELM MicroGrid offers a full product lineup of Battery Energy Storage Systems ranging from 20kW - 1MW with parallel capabilities.
