All-in-one 50kW/100kWh ESS cabinet for solar storage, backup, and peak shaving. Outdoor-rated, air-cooled, and easy to install with full EMS control.

With a capacity of 114KWH and a power output of 50KW, it ensures a stable energy supply, peak shaving, and load-shifting capabilities. The 114KWH ESS energy storage cabinet is the perfect ...

Our EVB 50kW/115kWh air cooling energy storage system cabinet is essential in commercial and industrial energy storage solution for optimizing energy usage and ensuring uninterrupted operations.

The BATTLINK 50kWh C& I Energy Storage System optimizes energy use for businesses by reducing costs, enhancing efficiency, and ensuring reliable power. With smart monitoring, modular scalability, ...

Designed to support grid-tied and off-grid scenarios, the Hybrid ESS cabinet offers seamless integration and maximized space utilization, making it an ideal choice for growing energy demands.

Our 50KW/100KWH unit integrates cutting-edge technology into a single, streamlined cabinet, delivering a powerful and simple solution for intelligent energy management. Forget complex installations and ...

This integrated cabinet combines power modules, batteries, cooling, fire protection, and smart energy management in a single rugged unit. This all-in-one outdoor ESS merges power, batteries, and safety ...

Optimized for commercial and industrial energy storage with 50kW rated AC power and 100kWh battery capacity.

The Br-50kw energy storage system represents a pinnacle of innovation in sustainable power solutions, offering a reliable 50kW output paired with a substantial 100kWh capacity.

50kW energy storage cabinet for field operations

Housed in a weather-resistant IP55 cabinet, it combines a 100kWh LiFePO4 battery pack with 50kW charge/discharge capability, supporting real-time monitoring and remote control via Ethernet, RS485, ...
