They have essentially the same wattage rating on both the input and the output, minus switching losses. DC-to-DC converters can be mounted on- or off-board. They come in a variety of inputs, outputs, and ...

DROK buck converter input voltage is DC 9v-36v, output voltage is 5.2V (5V-5.3V available according to your input voltage). The step down regulator adopts synchronous rectification scheme to provide ...

Upgrade your car with BESTEK 500W Power Inverter. Converts DC 12V to AC 110V with 4 USB ports.

The Aerpro APC5A 5 Amp 24V to 12V DC Power Converter reduces voltage from 24 volts to 12 volts, enabling installation of 12V equipment into 24V vehicles such as trucks.

It is a DC converter buck module, voltage range 12-24V to 5V, it has short-circuit, overcurrent, over-temperature, low heat and dissipate heat protection, very suitable for buses, CMB, large trucks, ...

Full Load Operation: The LiTime 12V inverter charger with a peak power of up to 9000W. It has strong load capacity and can easily drive inductive loads such as refrigerators, coffee ...

The CON5A2412 DC-DC converter steps down 24 VDC (range 20 VDC to 37 VDC) to a highly regulated output voltage of 12 VDC at 5 Amps. This a non-isolated 5A DC-DC converter and is manufactured ...

DC4812-5A, Buck Converter designed and manufactured by LinkChamp

DROK buck converter input voltage is DC 9v-36v, output voltage is 5.2V (5V ...

DC/DC Step-Down converter that allows to convert a continuous voltage input between 5 and 32 volts into an output voltage from 1.2 to 30 volts (adjustable via trimmer). The maximum available current is ...

The CD5.242 is a 24V/24V DC/DC converter. DIN-rail mountable from 48V to 24V 92-120W output power

5a DC Inverter
