Uruguay has become a focal point of South America's EV boom, from a bevy of China's BYD models crisscrossing the capital, Montevideo, to dozens of Teslas cruising along the famed ...

China's grip on Uruguay's EV market is tight. About 90% of the 11,000 electric cars and SUVs sold this year came from Chinese brands, mostly BYD, JAC, and Omoda.

Via Reuters, Chinese automaker BYD now leads electric-vehicle sales in Brazil, Colombia, Ecuador, and Uruguay. In Uruguay, BYD has become the country's third-largest seller across all ...

BYD's surge in Uruguay is turning the small South American nation into an unexpected EV standout, where tax breaks, \$7 gasoline and cheap Chinese models are pushing electric cars ...

It came with new record high EV market shares: 10.6% in September in Chile, 9.4% in August in Brazil, and 28% in the third quarter in Uruguay. The Chinese brands are taking a massive ...

Chinese brands such as BYD, JAC, and Omoda account for "about 90%" of the total electric cars, which numbered about 11,000 vehicles this year in Uruguay. BYD's popular Seagull ...

Uruguay confirms that the next leg of EV growth will come from emerging markets that move quickly once price and policy align. China's automakers and enablers are positioned to capture ...

China's overall market share in the country has more than doubled since 2023, helped by the rapid uptake of compact and mid-range models that are priced well below their Western ...

Notable mentions to the many affordable Chinese-made EVs that have made Uruguay's market as competitive as it is: The well-known BYD Seagull, Dolphin (E2), and Yuan Pro -- the first ...
