HOPSOL Africa is a technology leader for on- and off-grid solar power plants, fuel save controllers as well as solar diesel hybrid systems at utility scale (e.g. mining solutions). We are ...

These enclosures are waterproof and corrosion-resistant, crucial for maintaining reliable systems. They protect everything from control panels to electrical circuits.

Customized water-resistant NEMACO(TM) electrical enclosures can help maintain reliable electrical service, prevent damage from corrosive liquids and decomposing waste, and improve wastewater ...

Located in Omaburu, Erongo Province, northern Namibia, the project aims to address the demand for power shortages, reduce the impact of unstable photovoltaic power generation on the power grid, ...

The Namibia Renewable Energy Programme (NAMREP) has commissioned a consultancy for the establishment of a Register of Recommended Products and for the drafting/adoption of Codes of ...

From reducing diesel dependence to enabling rural electrification, Namibia photovoltaic energy storage equipment isn't just about technology - it's about powering sustainable development.

ETA Enclosures USA provides electrical enclosures engineered for water and wastewater treatment facilities. Our enclosures protect critical control and monitoring equipment from moisture, chemicals, ...

In order to increase Namibia's share of RE, reduce its dependency from electricity imports and minimize negative environmental impacts from fossil fuel-based electricity supply, the Namibian Government ...

Both Namibia and neighboring Botswana are working with the World Economic Forum's (WEF) Global

Corrosion-resistant photovoltaic cabinets for treatment plants

namibian wastewater

Future Council on Energy to develop a huge, five-gigawatt (GW) solar power project over the next ...

To help you navigate this critical sector, we've rounded up the top 10 wastewater treatment plant suppliers in Namibia. These companies don't just sell equipment; they offer solutions ...
