In July, Connecticut Attorney General William Tong sued SunRun, and two smaller companies it worked with, alleging deceptive, unfair and illegal sales of solar power systems.

That's why we put together these tips to avoid getting ripped off when buying solar panels -- backed by expert advice. Here's how to dodge solar panel scams and identify red flags.

It doesn't matter what they're selling--a new roof, driveway repaving, tree trimming, or solar panels--never hire someone who shows up at your door. You have no way of knowing who ...

Learn how to spot solar panel fraud, avoid predatory contracts, and take action if you've been scammed, with guidance from Prevost Law Firm.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading claim.

This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

Solar power stands out as a bright prospect in the ever-evolving ...

While you are browsing solar power companies, one of ...

Solar power stands out as a bright prospect in the ever-evolving landscape of renewable energy. It's an eco-friendly alternative and a potential source of savings for homeowners. Like any industry ...

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam. Always...

## Farm photovoltaic panel scam exposed

Your social media feed is probably full of them: ads promising free solar panels, guaranteed savings, or special government programs that'll pay you to go solar. Some even claim ...

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...
