Placing Sensor Lights on The Rooftop
Replacing All Screws with Security Fastener Screws
Caging Your Solar Panels in A Welded Steel Frame
Securing The Panel Down with Cables and Padlocks
Make Sure There'S No Easy Access to The Panels
Install Cameras to Monitor The Panels
Permanently Mark Your Panels
Pay A Security Company to Protect Your Property
Use Window Or Door Sensors
Hide A Tracking Device on Your Solar Panels
The reason why a tracking device makes it onto the list is that it's very useful for retrieving your stolen solar panels if they are stolen. This can prevent thieves from stealing your panels because you might be able to track them down with the police's assistance before they're able to get away. You'll need a waterproof, battery-operated tracker ...
