Will Tata Power install a 100 MW battery energy storage system in Mumbai?

Mumbai, 7th April, 2025 - Tata Power, India's largest integrated power company and a trusted electricity provider to approx. 8 lakh residential and commercial consumers, has received approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100 MW Battery Energy Storage System (BESS) in Mumbai over the next two years.

Where will a 100 MW power system be deployed in Mumbai?

The comprehensive 100 MW system shall be deployed across 10 strategically selected sites, particularly near load centres throughout Mumbai distribution, with centralised supervision and regulation from Tata Power's Power System Control Centre (PSCC).

Does Tata Power have a battery storage system?

Why is Tata Power launching a Bess project in Mumbai?

With real-time monitoring from Tata Power's Power System Control Center (PSCC), the BESS will strengthen Mumbai's grid resilience, support clean energy adoption, and fulfill energy storage obligations. The project underscores Tata Power's commitment to sustainable, future-ready power solutions.

Tata Power obtained authorization from the Maharashtra Electricity Regulatory Commission to set up a 100-MW battery energy storage system at 10 locations in Mumbai over the ...

The ambitious project, slated for installation across ten locations over the next two years, addresses the critical challenges of increasing energy demand and the imperative for sustainable ...

Chandigarh, 9th April, 2025: Tata Power, India's largest integrated power company and a trusted electricity provider to approx. 8 lakh residential and commercial consumers, has received approval ...

The system also facilitates better integration of solar energy, storing excess power generated during the day for

India mumbai solar battery cabinet project

later use, thereby increasing the consumption of green energy and helping meet energy ...

Mumbai, April 7, 2025 - Tata Power, India's leading integrated power company, has secured approval from MERC to deploy a 100 MW Battery Energy Storage System (BESS) across 10 strategic ...

Tata Power, India's largest integrated power company, has secured approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100MW Battery Energy Storage ...
