Honest businesses will tell you exactly how much it'll cost to get and install solar panels. But, even though a solar panel company may sound credible and never utter "free," you can't stop...

Honest businesses will tell you exactly how much it'll cost to get ...

They exist. It's a very small percentage of rooftop solar companies, but it would be a lie to pretend there aren't any and there's nothing to worry about.

Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you? Or say you'll never have to pay another electricity bill because government programs, grants, or rebates ...

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

No information about the cost to remove or transfer solar panels, which could lead you to believe you have future options that might not be available or affordable

The rooftop solar business is a big source of consumer complaints. Across the country, prosecutors are investigating sales practices and financing arrangements.

Many homeowners never get any solar equipment installed; those who do often get shoddy work. The criminals are leaving unsuspecting homeowners with massive debt; many victims have reported ...

Your social media feed is probably full of them: ads promising free solar panels, guaranteed savings, or special government programs that'll pay you to go solar. Some even claim you'll get a check in ...

In the worst cases, homeowners have been left making payments on overpriced systems that don't work, with little to no support from the installation company that put the panels on their roof. To avoid getting scammed,

Is rooftop solar power generation a scam

...

On Aug. 7, the Treasury Department issued an advisory noting a rise in consumer complaints about such practices as rooftop solar installations surge, emphasizing that scams are against the law.
