Detailed profile including pictures, certification details and manufacturer PDF.

LDK Solar is a national high-tech company specializing in the production and sale of silicon ingots, wafers, solar cells, photovoltaic modules, as well as in the construction and management of solar ...

LDK Solar is one of the world's leading vertically-integrated producers of mono and polycrystalline solar PV products*. *Founded in 2005 in Xinyu, China, LDK Solar is listed on the NYSE since 2007 under ...

LDK Solar Co. Ltd., previously located in Xinyu City, Jiangxi province in the People's Republic of China, manufactured multicrystalline solar wafers used in solar cells, and provided wafering services for both monocrystalline and multicrystalline wafers. Their distribution network for solar products covered over 43 distributors and wholesalers across 15 countries.

LDK Solar Co., Ltd. is a leading global manufacturer in the photovoltaics industry specializing in vertically integrated production across the entire value chain--from raw materials to ...

Established in 2005 in China, LDK Solar is a leading producer of solar wafers in terms of capacity and a leading high-purity polysilicon and solar module manufacturer.

LDK Solar is one of the biggest producer of solar wafers that are used by crystalline solar panels. LDK Solar was established in 2005 in China. As a vertically integrated manufacturer and supplier of ...

As a vertically integrated manufacturer and supplier of photovoltaic (PV) products, LDK Solar has more than 15.000 employees worldwide. The Company's headquarters and manufacturing facilities are ...

LDK Solar is one of the world's leading vertically-integrated producers of mono and polycrystalline solar PV products, covering the entire manufacturing process including silicon, ingots, wafers, cells, and ...

Ldk photovoltaic panel manufacturer

We offer proven products for integrated solar solutions, including modules and utility-scale photovoltaic (PV) systems. Our modules are mainly of two types: multicrystalline & Monocrystalline.
