Highly efficient, easy-to-deploy 30kW, 400V 3-phase UPS. Brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical infrastructure in ...

This robust and efficient battery cabinet supports high voltage operations ranging from 400V to 1000V, making it the perfect choice for businesses and industries that require powerful and reliable energy ...

Our team's recent simulation showed smart power cabinets could prevent 78% of weather-related outages through predictive load shedding. The future isn't just about storing energy - it's about ...

RackBattery solutions provide reliable, high-performance energy storage for server rooms and edge computing sites. Featuring compact design, fast charging, long lifespan, and integrated BMS, these ...

Galaxy VS is EcoStruxure Ready to give you peace of mind anytime, anywhere. Smart modular batteries integrated in the UPS cabinet optimize footprint and ensure critical loads have highly predictable ...

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and quality ...

Custom-made outdoor cabinet for housing fingerprint reader or any electronic devices.

Equipped with an independent liquid cooling system, it achieves higher energy density and enhanced heat dissipation within a compact footprint, while offering advantages such as high efficiency, low ...

Modular battery cabinet for extended runtime for UPSs with internal batteries. The cabinet is supplied without batteries, so batteries must be purchased separately. Up to six battery strings can be ...

Established in 2014, Synerflux is a Data Centre Solution provider who aims to bring the best Uninterruptible

Modular Battery Cabinet for Edge Computing in Southeast Asia 400V

Power Supply options to the South-East Asia market.
