Notice: HGIA received a Solar For All termination letter from the EPA, and we are awaiting further guidance. We still encourage you to apply for our GEM\$ program for LMI households.

On November 28, the Hawai'i Green Infrastructure Authority (HGIA) proposed a new method by which GEMS funds could be distributed to residential customers.

How does the GEM\$ Program work? The GEM\$ Program is exclusively offered by HGIA, and uses a combination of public and private dollars to provide customers energy improvement upgrades.

GEM\$ provides financing for solar PV systems and other energy efficiency measures to help Hawaii ratepayers save on their electric utility bill. Find out if our GEM\$ on-bill financing program is right for ...

The Hawaii Public Utilities Commission on Sept. 4, 2014 issued an order permitting the State of Hawaii to issue \$150 million of Green Infrastructure Bonds to fund GEMS.

GEMS" objective is to make clean energy improvements accessible and affordable. The program aims to work with existing clean energy companies to expand the market of eligible consumers who can ...

On April 8, Hawaii Governor David Ige formally announced the Green Energy Money Saver (GEM\$) on-bill financing program, a statewide initiative to make clean energy more affordable ...

The GEM\$ program currently finances residential solar hot water heaters, residential heat pump water heaters, commercial energy efficiency measures, and solar PV systems.

Governor Green signed Act 164, SLH 2023 into law on June 30, 2023, providing HGIA an additional \$50.0 million in loan capital to finance solar PV + storage systems for LMI homeowners and renters ...

Similar to a solar lease or a solar power purchase agreement, the GEM\$ Energy Services Program (ESP)

Photovoltaic funds belong to the GEM

provides low and moderate-income (LMI) homeowners and renters an opportunity to lower ...
