Self-unloading mobile Solar Container. Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20" sea ...

To ensure the safety of loading, unloading, unpacking, and storage of PV modules, please read this manual carefully. When you need to unpack and install the modules, you can search and download ...

· When unloading on the platform or ground, steel plate pads or tooling shall be used to assist in moving the goods out of the container smoothly to avoid module bumps caused by the gap ...

To ensure the safety of unloading of PV modules, please read this manual carefully. In the process of unloading, the forklift should be selected reasonably according to the size and weight of the goods.

When unloading on the platform or ground, steel plate pads or tooling shall be used to assist in moving the goods out of the container smoothly, to avoid module bumps caused by the gap ...

When unloading, the whole modules should be balanced as far as possible, the forklift arm should be kept relatively horizontal, and the forklift truck should fork the modules out of the container slowly and ...

This guide serves as a reference for inspecting, transporting, unpacking, handling and storing LONGi PV solar modules to ensure safe practices for you and the modules.

Unloading by hand or with a pallet truck is not suitable or permitted for solar panels. Use forklift exclusively for positioning the modules within the truck or container.

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited.
