What is solar street lighting?

Solar street lighting is one of Solar Lighting International's best-selling products. We sell our lights around the globe, with multiple successful installations in Saudi Arabia. We offer different levels of lighting, depending on your needs. As always, quality is of the utmost importance. Here's what makes our lights better:

Where do solar street lights come from?

SOKOYO has exported hundreds of thousands of solar street lights and supporting products to Yemen, Saudi Arabia, Syria, the United Arab Emirates, Bahrain, Jordan and other countries. Due to long sunshine duration, Latin America is called as one of the best regions to develop photovoltaics in the world.

Which countries support solar power generation?

Compared with traditional energies, the cost for solar photovoltaic power generation is very competitive. Thus, many countries have begun to support the solar development strongly. SOKOYO has exported tens of thousands of solar street lights to Chile, Mexico, Argentina, Ecuador and other countries.
