MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

The container integrated system solution with one stop service. The energy storage system consists of a battery system, PCS cabinet, transformer cabinet, distribution cabinet, fire cabinet, air conditioning, ...

SolaraBox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

Energy storage: the lithium battery storage box stores solar energy, providing longlasting power for solar street lights, small battery organizer, weather proof electrical boxes

20ft 2MWh Outdoor Liquid-Cooled Li-ion Battery Container: Advanced thermal management, weatherproof design. Ideal for renewables, grid support, and peak shaving. Maximize safety & ROI. ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and ...

Hitek Energy outdoor containerized BESS delivers high-capacity lithium energy storage with robust weather resistance, modular design, and smart control--ideal for grid or renewable integration.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Solar container lithium battery 220v solar container outdoor power

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and microgrid compatibility.
