How to create a high-converting solar sales pitch?

First things first, you have to understand your audience to create a high-converting solar sales pitch. Then build an ideal customer profile (ICP) to match. In the solar industry, ICPs are normally: Homeowners: Since renters don't own the homes they live in, they won't want to talk to you about solar. Focus your energy on homeowners.

Why are solar sales pitches so boring?

Hopefully, the answer is because your company offers some kind of unique value, such as: Take a moment to think about your company and the ways in which it outperforms the competition. Then use these things in your solar sales pitch. We're just going to say it: most solar sales pitch scripts are boring. Why?

What makes a good solar sales pitch?

In the fast-growing solar energy industry, standing out among competitors and effectively converting leads into customers is crucial. The right solar sales pitch can make all the difference. A great solar sales pitch script isn't just about information; it's about connection, trust, and value.

How do you start a solar sales pitch?

Skip the standard intro and start your solar sales pitch with a question instead. Doing so will automatically engage your audience. They'll hear your question--even if it's a rhetorical one--and automatically think about their answer. Asking questions is a great way to build relationships with prospects, too.
