Powerwall 3 achieves this by supporting up to 20 kW DC of solar and providing up to 11.04 kW AC of continuous power per unit. It has the ability to store up to 13.5 kWh of energy and start heavy loads ...

Hi! Just FYI; this article from CR today. No, I'm not a tesla short seller. I own and love my model 3. Bobby

In this deep dive, we'll explore each model's specifications and features - including capacity, power output, efficiency, battery technology, ...

I was commuting to my office which is only 15mins away and by the time I got there the windows were frozen up and I was unable to open the door. It was 10 degrees out I believe.
