What is the best portable power station?

I've put over 120 portable power stations to the test to discover the absolute best. My top pick for an affordable option is the EcoFlow River 2 -- right now it's a steal at Walmart for \$189. It delivers an impressive 600W of power, and it easily connects to a budget-friendly solar panel, transforming it into a cost-effective solar generator.

Do portable power stations have a weather rating?

However, other portable power stations do not have a weather rating, so it's important to check if you plan on using your power station outdoors. Regardless, it's a good idea to protect your power station from any water or severe weather conditions as much as possible.
