How to buy extended warranty service?

Before the end of the standard warranty period, the Buyer may purchase extended warranty service by signing a new service contract or extending the existing service contract with Huawei. The extended warranty period and price depend on the storage/operating conditions. The Buyer may consult Huawei local service team for more details.

Is damage caused by unqualified storage conditions covered under the warranty?

Damage caused by unqualified storage conditions is not covered under the warranty. Do not store the products without outer packaging. Keep the installation and operating environments of the product within the allowed ranges. Otherwise, its performance and safety will be compromised.

Are auxiliary materials covered by the warranty?

Auxiliary materials and mechanical parts are not covered by the warranty. After confirming the return merchandise authorization (RMA), Huawei shall send the replacement product/part to the agreed location.

If the product is moved to another country or region, the new Buyer can choose to purchase the warranty service, but an audit procedure such as a product inspection must be performed before the ...
