Which solar panel is best?

Maxeon Solar Technologies Maxeon's 440-watt solar panel is our pick for best overall. It's the most efficient panel at 22.8% and comes with the longest warranty (40-year performance and product warranties--15 years longer than the industry standard). Maxeon is the highest-rated solar panel on the EnergySage Marketplace.

How do I choose a good solar panel?

You'll probably want a very powerful solar panel (unless you use very little electricity). Even light shading can reduce your solar panels' output by 50% or more. Look for solar panels with high power output and high efficiency.

Are solar panels a good choice for your home?

Even the best solar panels may perform poorly in difficult conditions. Some panels are better suited for small spaces, while others excel in hot temperatures. That's why it's so important to consider your roof, household electricity use, and climate when choosing solar panels for your home.

How do I choose a solar panel for my roof?

Even light shading can reduce your solar panels' output by 50% or more. Look for solar panels with high power output and high efficiency. If you have a complex roof with a lot of small, awkward spaces, we recommend selecting a small solar panel that still offers a lot of power. How many solar panels do you need?

Solar panels reduce energy costs by capturing sunlight, but choosing the best solar panels for homes is essential due to their high cost. This article focuses on the top solar panels for ...
