Federal subsidies, particularly the renewable energy Production Tax Credit (PTC), have played a key role in propping up the wind energy sector. However, as the op-ed points out, these ...

Since the early 2000s, solar and wind energy companies have relied heavily on government subsidies, mandates, and preferential treatment -- essentially receiving life support from ...

In line with President Donald J. Trump's Energy Dominance agenda, the Department of the Interior is ending preferential treatment for unreliable, subsidy-dependent wind and solar energy.

Wind map with live wind radar & worldwide wind forecast. See live weather reports, wind speed & waves for kite- & windsurfing, sailing, fishing & hiking.

Live wind, rain, radar or temperature maps, more than 50 weather layers, detailed forecast for your place, data from the best weather forecast models.

Weather radar, wind and waves forecast for kites, surfers, paragliders, pilots, sailors and anyone else. Worldwide animated weather map, with easy to use layers and precise spot forecast.

See Virginia current wind with our interactive Wind Flow map. Providing your local weather forecast, and the forecast for the surrounding areas, locally and nationally.

By some metrics, wind power is already competitive with fossil fuels without extra financial help. But other measures don't reach the same conclusion -- and projections vary about what will...

See current wind, weather, ocean, and pollution conditions, as forecast by supercomputers, on an interactive animated map. Updated every three hours.

Wind power and solar power are subsidies fraud

The wind and solar industries were founded on myth, built on lies and run on subsidies. The only thing they are capable of producing on a consistent basis are Pinocchio-style whoppers, ...

Enormous subsidies for solar and wind generation technologies are proving much more expensive than advertised. They also carry hidden costs and burdens on the grid, most recently seen ...
