The world-leading solar photovoltaic enterprise LONGi Green Energy Technology launched its production base in Jinghe New City of Xixian New Area with a total investment of 26.1 ...

On Nov 19, Xixian New Area held a signing and industrial cooperation conference for key projects in 2025, with 57 projects signed and a total investment of 28.28 billion yuan (\$3.98 billion).

"Solar Module Super League" (SMSL) member LONGi Group is planning to build a new 15GW monocrystalline solar cell plant in Jinghe New City, Xixian New District, Shaanxi ...

After the first phase of the project is put into production, the second phase of the annual production of 15GW high-efficiency photovoltaic modules will also be launched.

Shaanxi Xixian New District Taipingzhen solar farm is a solar photovoltaic (PV) farm in pre-construction in Taiping Town, Jingyang, Xianyang, Shaanxi, China.

This funding will be used to support two wind power projects and five photovoltaic projects located within Saudi Arabia, demonstrating the clear strategy of this oil kingdom to extend its energy dominance ...

In terms of power safety, it is required to continuously respond to extreme weather conditions, urge enterprises to strengthen equipment insulation and inspection, ensure stable operation of the power ...

In January this year, Chinese solar energy giant LONGi Green Energy Technology Co., Ltd. settled a project with an annual output of 100GW monocrystalline silicon wafers and 50GW ...

This particular project will reach an annual output of 100GW monocrystalline silicon wafers and 50GW solar cells, which will be the largest base of LONGi in China, as well as the PV ...

Xixian New District Solar Power Generation Project

Recently, the pilot line of the perovskite thin film solar cell project of Xi'an Tianjiao New Energy Co., Ltd. was officially launched in Fengxi New Town, Xixian New Area.
